

CEDRICK ESPIRITU

Software Engineer | React, Next.js, TypeScript

☎ 09853823940 ✉ cedrickespiritu070@gmail.com 🔗 linkedin 🐙 GitHub 🌐 Website 📍 Batangas, Philippines

ABOUT ME

Software engineer with experience building modern web and mobile products using **React, Next.js, TypeScript, React Native, Supabase**, and **AWS-backed services**. Strong in **product implementation, user-facing features, practical integrations**, and shipping **production-ready applications** across web, iOS, Android, internal tools, dashboards, and workflow-heavy systems. **Background in multimedia and design** strengthens interface clarity, but my primary focus is software engineering.

WORK EXPERIENCES

Software Engineer | Full-time

Sep 2024 - Mar 2026

Divine Software Systems LLC

Hybrid • Fremont, California & Quezon City, Philippines

- Set up development environments, repositories, and workflows as the **company's first technical hire**, helping the team collaborate across multiple concurrent client projects.
- Developed modern web applications using **React, Next.js, TypeScript**, Tailwind CSS, Vite, and REST APIs across active client projects.
- Built and shipped **12+ cross-platform mobile apps** to both the App Store and Google Play using React Native, Expo, TypeScript, Supabase, and NativeWind.
- Handled **UAT, release preparation, and store submissions** for multiple production apps across iOS and Android.
- Delivered **end-to-end product work** from planning and prototyping through implementation, QA, presentation, and deployment.
- Implemented secure payment and order flows using **Stripe APIs, webhooks, and realtime backend sync** for user-facing commerce features.

Technologies / Skills Used : React.js, TypeScript, Vite, REST APIs, Expo, Supabase, Stripe API, Webhooks

Jr. Laravel Website Developer | Full-time

Aug 2023 - Aug 2024

Simply Be Found

On-site • Colorado, USA

- Developed 3 **responsive websites** for digital marketing clients using HTML, CSS, JavaScript, and PHP (Laravel).
- Collaborated through **GitHub-based workflows** for version control and team integration.
- Built **reusable UI components** that reduced implementation time for recurring campaign builds.

Technologies / Skills Used : HTML, CSS, JavaScript, PHP, Laravel

Multimedia Designer | Full-time

Jul 2020 - Aug 2023

Corner Route Lipa

Hybrid • Lipa Batangas

- Produced 70+ **digital and print marketing materials** across multiple campaign formats, including social graphics, menus, flyers, brochures, and tarpaulins.
- Designed layouts across several material types using Photoshop, Illustrator, and InDesign.
- Built strong fundamentals in **hierarchy, layout clarity, and visual consistency** that now support product and interface work.

Technologies / Skills Used : Adobe Photoshop, Illustrator, InDesign

Freelance Graphic Designer | Freelance

Mar 2019 - Jul 2020

Freelance

Hybrid • Batangas PH

- Designed **branding materials** for 10+ freelance clients, including logos, website graphics, and marketing assets.
- Developed early branding concepts and **visual identities** that later translated into stronger UI judgment and presentation quality in software projects.

Technologies / Skills Used : Photoshop, Illustrator

PROJECTS

MetroSevn — Full-stack Ecommerce Platform (AWS-Native Migration) | 🐙 Github

Full-Stack Developer

- Migrated the ecommerce platform from a simpler stack into an AWS-native architecture using Lambda, RDS PostgreSQL, S3, CloudFront, Cognito, API Gateway, and Amplify.
- Implemented a **serverless backend architecture** for storefront operations, authentication, product management, and secure checkout flows.
- Handled **auth, infrastructure, API integration, and deployment** across a production-ready shopping experience.
- Integrated external commerce workflows and **secure asset delivery** with cloud-hosted infrastructure and caching strategy.

Technologies / Tools Used : AWS, Lambda, RDS PostgreSQL, S3, CloudFront, Cognito, API Gateway, Amplify

PROJECTS

Parish Connect Apps (12+ Mobile & Admin Systems)

Software Engineer

- Contributed to a whitelabel product ecosystem powering **12 parish-branded mobile apps and admin systems**.
- Supported interface flows, **shipping-ready UI systems**, and product delivery across mobile and admin experiences.
- Helped support a live product footprint that reached published app-store releases and multi-parish adoption.

Technologies / Tools Used : React Native, Expo, TypeScript, Supabase, PostgreSQL

RFV Allianz System (Finance & Operations Platform)

Software Engineer

- Worked on **finance and operations modules** covering purchase orders, sales, delivery tracking, dashboards, and internal reporting.
- Built **workflow-heavy interfaces and reporting tools** used across accounting and sales operations.
- Contributed to scalable product architecture for multi-department internal systems.

Technologies / Tools Used : REST APIs, React, Node.js, Supabase, Turborepo

PERA Operations Module (Fuel Inventory System)

Lead Developer

- Built an **end-to-end operations module** for fuel inventory management including purchase orders, item receipts, pricing, and asset transfer tracking.
- Developed dashboards for **real-time inventory visibility** and operational monitoring.

Technologies / Tools Used : React, Node.js, Supabase, Expo, Turborepo

CFO Dashboard (Sales & Performance Analytics)

Lead Developer

- Developed **KPI dashboards and reporting tools** for executive-level decision making.
- Implemented **sales tracking, product mix analysis, and target-versus-actual reporting features**.
- Integrated data import and visualization workflows for performance monitoring.

Technologies / Tools Used : React, Node.js, Supabase, Turborepo, Figma

SKILLS

Databases :	PostgreSQL
Frameworks & Libraries :	React, Next.js, React Native, Expo, Tailwind CSS, Vite, Laravel, Vue.js
Programming Languages :	JavaScript, TypeScript, PHP
Tools & Platforms :	Figma, Node.js, Express, Supabase, REST APIs, AWS, Google Cloud Platform (GCP), Vercel, Postman, Docker, Github, Jira, CI/CD
API Integrations :	Meta Graph API, Stripe API, TikTok Shop API
Soft Skills :	Communication, Teamwork, Problem Solving, Critical Thinking, Adaptability
Languages :	English, Tagalog

EDUCATIONS

University of Batangas – Lipa Campus Lipa City	2020 - 2024
Bachelor of Multimedia Arts	CGPA : 1.77
• Cum Laude	

Asian Institute of Computer Studies Lipa	2018 - 2020
Information and Communication Technology	CGPA : 96
• Best in Thesis - Resume QR Code Generator	
• Leadership Awardee	

AWARDS & ACHIEVEMENTS

- Cum Laude** – University of Batangas Lipa City (2024)
- Leadership Award** – AICS Lipa (2020)
